High Efficiency Gas Furnace Program Incentive Application

TERMS AND CONDITIONS

1. Customer Eligibility

Customer must be a residential gas heating customer of Ameren Illinois Utilities to qualify. Equipment purchases and installations made between March 1, 2009 and December 15, 2009 are eligible for incentives or until incentive funds are exhausted. Equipment must be installed by a participating Program Ally at the customer's address listed on the Incentive Application Form. The Incentive Application Form must be filled out completely, signed and accompanied by dated invoices, and received by December 15, 2009.

2. Incentive Limits

Individual dwelling units, as determined by account number, whether owner occupied or rental property, are eligible for up to a maximum of two heating system incentives. A separate Incentive form is required for each unit. The Program reserves the right to limit the number of incentives to owners of multiple individually metered dwelling units during one program year. Owners of multiple units are required to contact the program and reserve funds prior to any installations.

3. Installation Verification

Prior to honoring any incentive request, Act On Energy reserves the right to conduct an on-site verification that the equipment has been installed according to Program Guidelines and is in operation. This site visit, and all aspects related to the site visit, is conducted solely for such purpose. The site visit is not a safety review, nor is it intended for any other purpose.

4. Documentation

All invoices or other documentation must include the Program Ally name / address / phone number, installation cost, and an itemized description of the equipment, including manufacturer, model number, and AFUE (Annual Fuel Utilization Efficiency) rating. Invoices must show a line item reduction matching the incentive to be paid to the Program Ally and labeled as the "Act On Energy Incentive."

5. Warranties

Ameren Illinois Utilities and the Incentive Administrator do not endorse, guarantee, or warrant any particular contractor, manufacturer, or installation.

6. Changes to High Efficiency Equipment Incentive Program

Program is subject to change without prior notice, and incentive offers may increase or decrease at any time.

7. Liability and Release

As part of the consideration for participating in the program, customer and Program Ally hereby release and shall indemnify, hold harmless, and defend Ameren Illinois Utilities, and the Incentive Administrator from any and all claims, losses, harm, costs, liabilities, damages, and expenses (including attorneys' fees) of any nature whatsoever arising directly or indirectly out of or in connection with the installation of high-efficiency gas equipment at the premises or any material and labor required for such installation.

FREQUENTLY ASKED QUESTIONS

1. What is the purpose of the High Efficiency Gas Furnace Program?

The purpose of the program is to encourage customers to purchase and install energy-efficient equipment. Ameren Illinois Utilities provides an incentive to cover a portion of the additional cost for purchasing the energy-efficient equipment versus standard efficient equipment.

2. How do I determine whether equipment meets the standards?

A Program Ally who is uncertain about whether equipment meets the efficiency criteria should check with a local distributor or manufacturer. For questions regarding eligible equipment, please call Act On Energy at 1-866-838-6918.

3. When will incentives be paid?

Completed incentive applications received by the conclusion of a calendar month will be paid the following month with a detailed explanation of the customers included in the payment.
